

PRATYUSH KUNAL

Project Manager — AI-Augmented Delivery | EdTech & eLearning

Kolkata, India — 700091 · +91 82409 42817 · pratyushkunal@gmail.com · linkedin.com/in/pratyushkunal

PROFESSIONAL SUMMARY

Results-driven Project Manager with 7+ years of experience in EdTech and eLearning, specializing in automation-first, AI-augmented project delivery and technical project management across Agile and Waterfall environments. Proven track record managing 20+ concurrent, cross-functional projects for Higher Education clients across the USA and UK. Built and deployed multiple AI-assisted Python and Google Apps Script automation tools that have collectively saved the organization 2,350+ team hours to date. Recognized with multiple company awards for delivery excellence and process innovation.

PROFESSIONAL EXPERIENCE — LearningMate Solutions Pvt. Ltd., Kolkata

Manager — Projects

Jul 2025 – Present

- Engineered an AI-assisted ClickUp–Jira API integration (Python) synchronizing ticket creation and maintenance across both platforms in real time, saving 1,200+ hours for Project Leads.
- Built AI-assisted Google Apps Script tools automating tracker maintenance, dashboard reporting and notifications for the PM team, driving a 65% efficiency gain.
- Developed AI agents within ClickUp to automate task management, capacity planning, RAG status reporting and project plan generation.
- Oversee the Hotfix and Maintenance delivery pipeline for 5+ Higher-Ed university clients (USA/UK), managing 20+ concurrent projects with remote, distributed teams at full SLA compliance.
- Lead the Special Projects portfolio end-to-end; primary point of contact for project status to university stakeholders and internal leadership.

Lead — Projects

Jul 2024 – Jun 2025

- Built an AI-assisted Canvas API automation toolkit (Python) for QA and Implementation teams, saving 900+ hours of manual effort.
- Developed an AI-assisted Jira API automation tool (Python) eliminating repetitive manual PM tasks, saving 250+ hours.
- Spearheaded company-wide ClickUp automation adoption — standardized templates and automated workflows; trained 3+ teams.
- Managed intake, scoping and end-to-end execution for 10+ concurrent EdTech projects across Agile and Waterfall; produced WBS documentation, risk registers and project charters.
- Maintained real-time dashboards and archival records in Jira and Looker Studio, improving cross-stakeholder visibility and audit readiness.

Lead — Content Technologies

Jul 2023 – Jun 2024

- Directed a content-technology project portfolio exceeding \$50M in combined revenue value — resource allocation, scheduling and milestone tracking across complex, multi-stakeholder engagements.
- Partnered with cross-functional teams to proactively resolve blockers, maintaining on-scope, on-time delivery for enterprise EdTech clients.
- Managed vendor relationships and produced structured client status reports, sustaining a zero-escalation delivery record.
- Designed reusable, automated ClickUp project templates; mentored junior developers and QA on eLearning delivery standards and documentation practices.

Senior Developer

Apr 2021 – Jun 2023

- Served as Team Lead for the Quality Assurance and LMS Implementation teams.
- Led project cost-estimation and delivery audit processes, improving forecast accuracy across concurrent client engagements.
- Built and maintained Looker Studio analytics dashboards; automated content migration and multi-LMS deployment workflows.

Developer

Apr 2020 – Apr 2021

- Published and QA-tested eLearning content on Canvas, Moodle and Blackboard for US university clients — zero post-delivery defects.

- Configured ClickUp for QA workflows, task allocation and project tracking; facilitated client communications.

Consultant

Apr 2019 – Apr 2020

- Executed LMS QA, client feedback reporting and content management for the initial university project cohort, establishing the delivery baseline.
